

# AGING & INDEPENDENCE SERVICES

COUNTY OF SAN DIEGO ■ HEALTH AND HUMAN SERVICES AGENCY

## LONG TERM CARE INTEGRATION PROJECT

### LTCIP PLANNING COMMITTEE MEETING

November 13, 2009

**Please join us on Friday, November 13, 2009 from 10:30 AM to 12:00 PM to learn about important enhancements that have been made to the Aging and Disability Resource Connection (ADRC) website in San Diego County.** The next Long Term Care Integration Project (LTCIP) Planning Committee Meeting will be held at UCSD Extension Mission Valley Center, 404 Camino Del Rio South, Suite 102, Room 27, San Diego, CA 92108. For directions to the meeting site please click on the following link: <http://extension.ucsd.edu/pdf/student/MissionValleyDirections.pdf>.

With the advancements in technology over the years, enhancements to the ADRC website have increased the site's capability beyond what we could have imagined. The ADRC website, [www.sandiego.networkofcare/aging](http://www.sandiego.networkofcare/aging), is built off of Trilogy Integrated Resources, Inc. Network of Care (NOC) platform. To demonstrate those enhancements, particularly changes to the Personal Health Record component, we are privileged to have Afshin Khosravi, CEO of Trilogy Integrated Resources, Inc. as our guest presenter.

Using the ADRC website to improve care coordination and outcomes for older adults, the disabled and chronically ill has become a key component of the TEAM SAN DIEGO training. It is an especially useful tool for identifying local resources and services, assisting with long-term care planning, and facilitating the sharing of information between patients and their providers.

More information about TEAM SAN DIEGO and LTCIP are available at [www.sdltcip.org](http://www.sdltcip.org). Please do not hesitate to contact Brenda Schmitthenner at [brenda.schmitthenner@sdcounty.ca.gov](mailto:brenda.schmitthenner@sdcounty.ca.gov) or (858) 495-5853 with questions.
