False Claims Act

As part of the federal government's efforts to protect the integrity of health care programs, federal law mandates that all entities that receive \$5 million or more a year in Medicaid (Medi-Cal) make information available to their employees on the provisions of the federal False Claims Act (FCA) and California False Claims Act (CFCA).

The County has prepared a short PowerPoint on the False Claims Acts that is available on the Compliance Office website. This PowerPoint can be accessed by following this link:

<http://www.cosdcompliance.org>

Then clicking on "False Claims Acts Information for HHSA Staff" from the drop-down menu.
