BHIP! is coming to YOUR site!

July 2008

Volume 2, Issue 5

In June 2008...

BHIP! OUTREACH LCD MONITORS

In a break with what you would normally expect to see at an outreach table, BHIP! is now using technology

to attract more interest at the FRCs. This is one of the images that is displayed to let people know what we

can do for them. We welcome your feedback on our images, and look for your input.

BHIP! Day 2008 at Zoo

This is our annual opportunity to bring CalWORKs AOD and MH staff together to discuss BHIP! progress and our direction for the future. If you are coming, we look forward to seeing you at the Zoo!

Mental Health Outlook

This picture shows BHIP! out and about at the CMC in Escondido. The blooming garden was opened, and will be a wonderful space for both clients and staff.

Thought for the Month

"The game of life is like a boomerang. Your thoughts, words and actions return to you with astonishing accuracy"

Where we're at...

You can access case conferences at every WtW site in the county.

Currently, outreach is conducted at the 54th, Market, El Cajon, Lemon Grove, Kearny Mesa, South Bay, Center City and 73rd St FRCs. We will move to Oceanside and Escondido next. Look out for us in the lobby.

Coming next month...

In July you will see the BHIP!

- Hosting the BHIP! Day 2008 at the San Diego Zoo.
- Expanding our outreach to the Oceanside FRC.
- Continuing to promote the success of case conferences as an alternative intervention before sanction for CalWORKs clients.

We want to hear from you
